New Directions In Earthquake Studies

To apply:
Send your resume, transcript and completed personal information to:

Mid-America Earthquake Center (MAE)
University of Illinois
at Urbana-Champaign
http://mae.ce.uiuc.edu

Multidisciplinary Center for Earthquake Engineering Research (MCEER)
University at Buffalo
http://mceer.buffalo.edu

Pacific Earthquake Engineering Research Center (PEER)
University of California, Berkeley
http://www.eng.uci.edu/civil/peer/

Sponsored by National Science Foundation Earthquake Engineering Research Centers:

- Mid-America Earthquake Center (MAE)
- Multidisciplinary Center for Earthquake Engineering Research (MCEER)
- Pacific Earthquake Engineering Research Center (PEER)

- Each Center will sponsor up to eight outstanding undergraduate students.
- Students spend 8-10 weeks conducting research at one of more than 25 universities across the United States.
- Students who have not yet completed their degree in earthquake engineering or a related field are eligible.
- $4,000 stipend paid to each student.
- Participate in state-of-the-art research.
- Evaluate a career path in earthquake research.
- Work closely with faculty & graduate student mentor.
- Experience team-driven research activities.

Candidates must be college students who are U.S. citizens or permanent residents with a minimum GPA of 3.0 and should be available full-time from June through mid-August. Start and end dates are flexible to accommodate students on quarter-systems.

APPLICATION DEADLINE IS: [July 15, 2001]
