The Allen Keller Company is a 60+ year old heavy highway construction company based in Fredericksburg, Texas. The third generation ownership is a civil grad – Kory Keller (’95). Other aggies include the aggregates manager, Randy Thompson (’72), job superintendent, Les Harvey P.E. (’75), and a project manager, Mark Cornett, P.E. (’95). We have 110 employees. Our primary work is TxDOT highways and aviation, municipal and other government heavy construction. We also have an aggregates division with portable rock crushers and trucking. This is a great opportunity for not only an entry level position, but someone with experience who would like to be in the heavy highway construction field. We are especially interested in someone who wants to be in the Fredericksburg area and contribute into the future.
