2009-2010 Regents Professor
Dallas Little
2009 Student Led Award for Teaching Excellence (SLATE)
David Ford

NEW FACULTY MEMBER TEACHES COMMUNICATION SKILLS

Peter England (‘98), a specialist in technical communication, was hired last fall to improve communications offerings within the CE department. England helps our faculty and students understand the role that communication plays in the field of engineering, bringing real-world and academic expertise as well as a passion for research into engineering communication.

DEVELOPMENT & FUNDRAISING

Jay Roberts (’05) became Development Director for the Civil Engineering department in April. For any inquiries about making an impact with the department, please contact Jay at (979) 845-8113 or by email at jay-roberts@tamu.edu. Opportunities include endowed undergraduate scholarships, endowed...
