Study Abroad impact

It is a lot of FUN, but not just that!
It’s an investment for your FUTURE

“Now you might be tight on $ but you have the time/opportunity to do it. Later on in life you’ll have enough $$, but likely no time until retirement…”

Research studies overwhelmingly show that Study Abroad

- builds Personal Growth and Self-Confidence
- improves GPAs, dramatically increases Employability and Career Skills

The main REGRET of College graduates is not having participated in a Study Abroad
Urban Legends

I can’t go because....

- “I don’t know Italian...” [useful but NOT needed]
- “It’s dangerous/unsafe...” [Simply UNTRUE!]
- “I don’t know anybody that is going...” [Make NEW friends there!]
- “I need to know a Professor to go...” [HERE I AM!!]

Be Positive!!
