OCEN 678
Fluid Dynamics for Ocean and Environmental Engineering
Individual Effort Rating for Team Members

Name: ________________________________

Please write the names of all your team members, including yourself, and rate the degree to which each member fulfilled their responsibilities in completing the homework assignments. Please use your group charter in determining the ratings. The possible ratings are as follows:

- **Excellent**: Consistently carried more than his or her share of the load and frequently helped teammates
- **Very good**: Consistently did what he or she was supposed to do, very well prepared and cooperative
- **Satisfactory**: Usually did what he or she was supposed to do, acceptably prepared and cooperative.
- **Ordinary**: Often did what he or she was supposed to do, minimally prepared and cooperative.
- **Marginal**: Sometimes failed to show up or complete assignments, rarely prepared.
- **Deficient**: Often failed to show up or complete assignments, rarely prepared.
- **Unsatisfactory**: Consistently failed to show up or complete assignments, unprepared.
- **Superficial**: Practically no participation at all.
- **No show**: No participation at all.

These ratings should reflect each individually’s level of participation and effort and sense of responsibility, not his or her academic ability. **Rate yourself also!**
